Annual Index

Volume 11, 1979

Abbott, R. D., and Flora, J. D. National trends in bicycle accidents. 11(1):20-27.

AIRCRAFT ACCIDENT reconstruction, Decision/problem analysis in. D. L. Dieterly. 11(4):146-155.

Anger, W. K., Cohen, A., and Smith, M. J. Self-protective measures against workplace hazards. 11(3):121-131.

Avery, C. E. Burn episodes, clothing, and the elderly: A survey of inpatient records in Rhode Island hospitals. 11(3):98-108.

Berger, R. E., and Calvano, N. J. Evaluation of product safety test methods: Protective headgear. 11(1):14-19.

BICYCLE ACCIDENTS, National trends in. J. D. Flora and R. D. Abbott. 11(1):20-27.

BIORHYTHM THEORY, Emergency room data on 700 accidents do not support. L. A. Wood, D. W. Krider, and K. D. Fezer. 11(4):172-175.

Blumenstock, M. W., and Cooke, W. N. The determinants of occupational injury severity: The case of Maine sawmills. 11(3):115-120.

Brown, D. B. Proxy measures in accident countermeasure evaluation: A study of emergency medical services. 11(1):37-41.

BURN EPISODES, clothing, and the elderly: A survey of inpatient records in Rhode Island hospitals. C. E. Avery. 11(3):98-108.

Calvano, N. J., and Berger, R. E. Evaluation of product safety test methods: Protective headgear. 11(1):14-19.

Carlson, W. L., Seaver, W. B., Nichols, J. L., and Voas, R. B. Driver education and the licensing of 16 and 17 year olds. 11(2):50-60.

Colligan, M. J., Smith, M. J., Frockt, I. J., and Tasto, D. L. Occupational injury rates among nurses as a function of shift schedule. 11(4):181-187.

Cooke, W. N., and Blumenstock, M. W. The determinants of occupational injury severity: The case of Maine sawmills. 11(3):115-120.

Cohen, A., Smith, M. J., and Anger, W. K. Self-protective measures against workplace hazards. 11(3):121-131.

Dieterly, D. L. Decision/problem analysis in aircraft accident reconstruction. 11(4):146-155.

Doll, T. J., and Stiehl, C. C. An accident recovery model for estimating benefits of recreational boating safety programs. 11(2):72-90.

DRINKING DRIVERS, Multiple measures and the validity of response in research on. M. E. Zusman and J. E. Huber. 11(3):132-137.

DRIVER EDUCATION and the licensing of 16 and 17 year olds. W. B. Seaver, J. L. Nichols, W. L. Carlson, and R. B. Voas. 11(2):50-60.

FARM ACCIDENT surveys: A 21-state summary with emphasis on animal-related injuries. A. F. Hoskin and T. A. Miller. 11(1):2-13.

Fezer, K. D., Wood, L. A., and Krider, D. W. Emergency room data on 700 accidents do not support biorhythm theory. 11(4):172-175.

Flora, J. D., and Abbott, R. D. National trends in bicycle accidents. 11(1):20-27.

Frockt, I. J., Smith, M. J., Colligan, M. J., and Tasto, D. L. Occupational injury rates among nurses as a function of shift schedule. 11(4):181-187.

HAZARDOUS MATERIALS, The flow of, on Virginia highways. J. W. Schmidt and D. L. Price. 11(3):109-114.

Heidenström, P. N. Recording accidental injury diagnoses: An improved method. 11(4):156-161.

Hoskin, A. F., and Miller, T. A. Farm accident surveys: A 21-state summary with emphasis on animal-related injuries. 11(1):2-13.

Huber, J. E., and Zusman, M. E. Multiple measures and the validity of response in research on drinking drivers. 11(3): 132-137.

Krider, D. W., Wood, L. A., and Fezer, K. D. Emergency room data on 700 accidents do not support biorhythm theory. 11(4):172-175.

Kumar, S., and Scaife, W. G. S. A precision task, posture, and strain. 11(1):28-36.

Nichols, J. L., Seaver, W. B., Carlson, W. L., and Voas, R. B. Driver education and the licensing of 16 and 17 year olds. 11(2):50-60.

Miller, T. A., and Hoskin, A. F. Farm accident surveys: A 21-state summary with emphasis on animal-related injuries. 11(1):2-13.

OCCUPATIONAL INJURY rates among nurses as a function of shift schedule. M. J. Smith, M. J. Colligan, I. J. Frockt, and D. L. Tasto. 11(4):181-187.

OCCUPATIONAL INJURY severity, The determinants of: The case of Maine sawmills. W. N. Cooke and M. W. Blumenstock. 11(3):115-120.

A PRECISION TASK, posture, and strain. S. Kumar and W. G. S. Scaife. 11(1): 28-36.

Price, D. L., and Schmidt, J. W. The flow of hazardous materials on Virginia highways. 11(3):109-114.

Price, D. L., Terry, W. R., and Shedivy, D. I. Effects of traffic volume, flasher activation, and extra-vehicular persons on willingness of passing motorists to offer aid. 11(4):176-180.

PRODUCT SAFETY test methods, Evaluation of: Protective headgear. R. E. Berger and N. J. Calvano. 11(1):14-19.

PROXY MEASURES in accident countermeasure evaluation: A study of emergency medical services. D. B. Brown. 11(1):37-41.

RECORDING accidental injury diagnoses: An improved method. P. N. Heidenström. 11(4):156-161.

RECREATIONAL BOATING SAFETY programs, An accident recovery model for estimating benefits of. T. J. Doll and C. C. Stiehl. 11(2):72-90.

ROAD-RAIL CROSSING ACCIDENTS in Victoria, Australia, The epidemiology of. E. C. Wigglesworth. 11(4):162-171.

Scaife, W. G. S., and Kumar, S. A precision task, posture, and strain. 11(1):28-36.

Schmidt, J. W., and Price, D. L. The flow of hazardous materials on Virginia highways. 11(3):109-114.

Seaver, W. B., Nichols, J. L., Carlson, W. L., and Voas, R. B. Driver education and the licensing of 16 and 17 year olds. 11(2):50-60.

SELF-PROTECTIVE MEASURES against workplace hazards. A. Cohen, M. J. Smith, and W. K. Anger. 11(3):121-131.

Shedivy, D. I., Terry, W. R., and Price, D. L. Effects of traffic volume, flasher activation, and extra-vehicular persons on willingness of passing motorists to offer aid. 11(4):176-180.

Smith, M. J., Cohen, A., and Anger, W. K. Self-protective measures against workplace hazards. 11(3):121-131.

Smith, M. J., Colligan, M. J., Frockt, I. J., and Tasto, D. L. Occupational injury rates among nurses as a function of shift schedule. 11(4):181-187.

Stiehl, C. C., and Doll, T. J. An accident recovery model for estimating benefits of recreational boating safety programs. 11(2):72-90.

Tasto, D. L., Smith, M. J., Colligan, M. J., and Frockt, I. J. Occupational injury rates among nurses as a function of shift schedule. 11(4):181-187.

Terry, W. R., Price, D. L., and Shedivy, D. I. Effects of traffic volume, flasher activation, and extra-vehicular persons on willingness of passing motorists to offer aid. 11(4):176-180.

Voas, R. B., Seaver, W. B., Nichols, J.L., and Carlson, W. L. Driver education and the licensing of 16 and 17 year olds. 11(2):50-60.

Wigglesworth, E. C. The epidemiology of road-rail crossing accidents in Victoria, Australia. 11(4):162-171.

WILLINGNESS OF PASSING MOTORISTS TO OFFER AID, Effects of traffic volume, flasher activation, and extra-vehicular persons on. W. R. Terry, D. L. Price, and D. I. Shedivy. 11(4):176-180.

Wood, L. A., Krider, D. W., and Fezer, K. D. Emergency room data on 700 accidents do not support biorhythm theory. 11(4):172-175.

Zusman, M. E., and Huber, J. E. Multiple measures and the validity of response in research on drinking drivers. 11(3): 132-137.
